

# KHOA LÊ

**DIRECTOR  
WRITER**

Khoa Lê is a multidisciplinary artist working across installation, video and film.

After completing film studies at UQAM, INIS and Concordia, Khoa worked directly with agencies and clients on numerous advertising and branded content productions before joining les Enfants in 2017. He has won a number of accolades for his work, most notably for his documentary Bà Nôi which was selected at the prestigious Visions du Réel where it premiered. It would also go on to be nominated for Best Documentary at the 2015 Prix Jutras.

Khoa often explores the themes of identity, hybridization and memory through out his varied work. His creative vision, informed by his polyvalence and ability to orchestrate amongst enlightened collaborators, make him the ideal conductor.

Khoa has worked with BREATHER, FRANK AND OAK, HOPPER, KIKI DE MONT-PARNASSE, LIGHTSPEED, MICHEL BRISSON and POLYSLEEP and many more.
