

THO MAS

DIRECTOR

Thomas Soto is regarded by many as one of the Quebec filmmakers to watch in the coming years, as evidenced by his nomination for the Emerging Talent Award of the Quebec film industry and his four other nominations at the Canadian Screen Awards. He first gained attention as a teenager in cinematography before making a notable entry into the film and advertising industries.

A versatile, agile, and solution-oriented artist, Thomas is recognized for his cinematography and his direction of actors.

Trilingual and of Peruvian origin, he brings great cultural richness to his work. This diversity is reflected in his artistic vision and his ability to communicate with a wide range of people and cultures.

Recently, Thomas completed the final seasons of the Radio-Canada television series “Six Degrés” and “Doute raisonnable,” and is currently developing his first feature film in co-production in the United States. His ambition is to share his unique vision and signature with an international audience.
